A. SOLAS REQUIREMENTS

Effective July 1, 2016, the Safety of Life at Sea Convention of 1974 (SOLAS) requires that the person named as shipper on the ocean carrier bill of lading or equivalent document and/or who has concluded a contract of carriage with Carrier (hereinafter, the „Shipper“ provide Carrier with the verified gross mass (VGM) of containers to be transported by vessel. Under SOLAS, the Shipper may obtain the VGM by either:

- (1) Weighing the packed container using calibrated and certified equipment; or
- (2) Weighing all packages and cargo items, including the mass of pallets, dunnage and other securing material to be packed in the container and adding the tare mass of the container to the sum of the single masses, using a certified scale approved by the competent authority of the jurisdiction in which the packing of the container was completed. In certain jurisdictions, authorities may also determine alternative methods of determining the VGM to be compliant with SOLAS. SOLAS requires the VGM be submitted to the Carrier sufficiently in advance to be used in preparation of the vessel stowage plan. SOLAS prohibits Carrier from loading containers for which no VGM is provided.

B. PROVISION OF VGM

1. Time for Submitting VGM

In order to enable Carrier to comply with the requirements of SOLAS described above, Shipper or its authorized agent must provide Carrier with the VGM of cargo tendered to Carrier, calculated in accordance with applicable legal requirements, no later than:

[Option #1: the cutoff time communicated by Carrier at the time of booking]

[Option #2: the following deadlines:

FMC Tariff No. BAAJ-001 Rules Tariff

Original issued July 12, 2012 – Effective date July 12, 2012

- (a) For cargo tendered to Carrier or its agent/contractor at loading port CY, no later than:
The cut-off time reflected in its Booking Confirmation which is based on local practice at Port of Loading
- (b) For cargo tendered to Carrier or its agent/contractor at an inland facility (including Shipper's facility), no later than:
The cut-off time reflected in its Booking Confirmation which is based on local practice at Port of Loading
- (c) Notwithstanding the provisions of Rules B.1.(a)-(b) above, at U.S port marine terminal facilities that acknowledge having scales and processes that meet the U.S. Coast Guard's equivalency determination for U.S. terminals providing VGM (pursuant to Coast Guard MSIB 009/16) and that agree to provide such weights to carrier, shipper shall hereby be deemed to have appointed the terminal to weigh the container and provide the gross mass to carrier as a VGM equivalent on shipper's behalf. Shippers availing themselves of this method are not required to provide a signature verification to carrier, but hereby acknowledge that use of this method is verification of the gross mass and remain liable to carrier for any loss, damages, costs, fines or penalties to carrier arising out of any entity's or regulatory authority's refusal to accept or acknowledge VGM calculated in this manner.

Notwithstanding the above, by advance arrangement with carrier, shipper may still arrange to submit its VGM in accordance with paragraphs (a) or (b) above for cargo moving through U.S port terminals weighing containers under the method described in this paragraph (c).

When a loaded container cannot be, or is not, weight scaled at the load port Terminal e.g. IPI cargo, Shipper shall provide a certified VGM in accordance with the provisions of B. 1. (a) – (b) above.

2. Format of VGM Submission

Shipper or its authorized agent shall submit VGM in any one of the following formats:

- (i) EDI message (VERMAS, 304 message, IFTMIN)
- (ii) Through Carriers VGM port accessible through QR code or URL found on carrier booking confirmation
- (iii) Via Fax or Email subject to Rule: 2-Q Manual Verified Gross Mass (VGM). In the event the Shipper elects this option, a Manual Transmission Fee of USD 25.00 per container shall be applicable and payable by Shipper to the Carrier, unless other arrangements were agreed upon.

SOLAS requires that the VGM data submitted by Shipper indicate that the weight provided is the VGM and that it be signed by the person duly authorized by Shipper.

Shipper or its agent may fulfill this signature requirement as follows:

FMC Tariff No. BAAJ-001 Rules Tariff

Original issued July 12, 2012 – Effective date July 12, 2012

(i) In the case of VGM provided via EDI, by including the name of the duly authorized person in NAME IN CAPITAL LETTERS in the EDI information; or

(ii) In the case of VGM provided via electronic [or hard copy document], by including a physical signature of the duly authorized person in the document or by including an electronic signature of the duly authorized person in the document (e.g., “signed by NAME IN CAPITAL LETTERS”).

The foregoing signature shall constitute a warranty by the individual that it is authorized to sign such document on behalf of Shipper.

C. DISCREPANCIES BETWEEN VGM AND SUBSEQUENTLY DETERMINED WEIGHT

Carrier (including its agents/contractors) may weigh cargo for which a VGM has been received. If the weight determined by Carrier differs from the VGM received from the Shipper or its agent, Carrier shall replace the VGM on all shipping documents with the weight determined by Carrier.

D. FAILURE TO TIMELY SUBMIT VGM

If a loaded container is received without a VGM or if the VGM is not received by the deadline established under this rule, Carrier shall have the option to either:

(i) Refuse to load the container until a VGM is supplied by Shipper, in which case any and all costs, fees, expenses, damages and/or penalties of every and any type, nature or source shall be for the account of the cargo; or

(ii) Weigh the cargo upon available facility in terminal and use that weight in lieu of the VGM, in which case the related cost shall be applied for the account of the cargo. For this option, a Administration Fee of USD 50.00 per container shall be applicable in addition to any and all charges incurred by this transaction. Charges shall be payable by the Shipper to the carrier, unless other arrangements were agreed upon.

If a loaded container is denied admission to a marine terminal facility due to the lack of a VGM, all costs and consequences of such denial shall be for the account of the Shipper and/or cargo.

If a loaded container is allowed to enter a marine terminal without a certified VGM and such container is subject to additional fees, charges, fines or penalties being assessed either by the carrier, terminal or local authorities, all such fees, charges, penalties or fines shall be for Shipper's account. If such charges are incurred, a USD 50.00 Administration Fee in addition to any such charges shall be payable by the Shipper to the Carrier.

E. Container Tare Weight

Carrier agrees to release Shipper from liability for any injuries, damages, losses or claims which result from Shipper's use of an inaccurate container tare weight either (a) printed on a carrier container provided to Shipper, or (b) otherwise provided by Carrier to Shipper in writing or electronically for a specific Carrier container, for use by Shipper in its calculation and submission of a VGM.

F. Less Than Container Loads (LCL) or Non Containerizable Cargoes (Break Bulk)

Shippers who tender less-than-container load (LCL) or Non-Containerizable Cargoes (Break Bulk), shall similarly provide VGM's for cargo tendered to Carrier loading facilities and / or terminals, and are subject to all weight regulations herein. Carrier reserves the option of weighing LCL or Break Bulk cargoes at a suitable facility, in which event a Administration Fee of USD 50.00 will be applicable in addition to any and all charges for the account of the Shipper.

G. Responsibility for Charges

Shipper shall be solely responsible for all charges and fees from Carriers and / or Terminals resulting from any VGM improperly provided by the Shipper and / or third parties, or for any other reason whatsoever, including charges and fees relating to demurrage, detention, per diem, storage, unloading, re-loading, return of cargoes, related to Carriers or Terminals implementation of SOLAS, and / or for weighing cargo within the terminal for cargoes which do not have an appropriate VGM.

RULE 3

RATE APPLICABILITY RULE

Carrier accepts shipments on the basis of "Negotiated Rate Agreement" (NRA) as defined by the U.S. Federal Maritime Commission. Rules and charges applicable to a given shipment must be those published and in effect when the cargo is received by the Carrier or its agents, (including originating carrier in the case of rates for through transportation). 6. CARRIER'S LIABILITY

6.1 US CARRIAGE

(a) For US Carriage this bill of lading shall have effect subject to the provisions of COGSA and to the Pomerene Act regardless of whether said Act would apply of its own force. The provisions of COGSA are incorporated herein and save as otherwise provided herein shall apply the entire time the Goods are in the Carrier's custody, including before loading and after discharge as long as the Goods remain in the custody of the Carrier or its Sub-Contractor, including Goods carried on deck. Nothing contained herein is to be deemed as surrender by the Carrier of its rights, immunities, exemptions or limitations or an increase of any of its responsibilities or liabilities under COGSA. Except for clause 6.2, every other term, condition, limitation, defence and liberty whatsoever contained in this bill of lading shall apply to US Carriage.

RULE 8 – BILL(S) OF LADING (Continued)

6.2 NON-US CARRIAGE

(a) Where the Non US Carriage is Port to Port Transport:

(i) the period of responsibility of the Carrier for any loss or damage to the Goods shall commence only at the moment the Goods are loaded on board the Vessel and shall end when the Goods have been discharged from the Vessel.

(ii) the liability of the Carrier for loss of or damage to the Goods shall be determined in accordance with any national law making the Hague Rules or Hague-Visby Rules compulsorily applicable to bills of lading and if no such national law is compulsorily applicable, then in accordance with the Hague-Visby Rules Article 1-8 inclusive (excluding Article 3 rule 8).

(iii) the Carrier shall be under no liability whatsoever for loss or damage to the Goods while in its actual or constructive possession before loading or after discharge, howsoever caused. Notwithstanding the foregoing, in case and to the extent that any applicable compulsory law provides to the contrary, the Carrier shall have the benefit of every right, defence, limitation and liberty in the Hague Rules, Hague-Visby Rules, or any other rules as applied by clause (b) during such additional compulsory period of responsibility, notwithstanding that the loss or damage did not occur at sea.

(iv) if the Goods are discharged at a port other than the Port of Discharge or at a Place of Delivery instead of the Port of Discharge, and the Carrier in its absolute discretion agrees to a request to such effect, such further Carriage will be undertaken on the basis that this bill of lading is to apply to such Carriage as if the ultimate destination agreed with the Merchant had been entered on the front side of this bill of lading as the Port of Discharge or Place of Delivery.

(b) Where the Non US Carriage is Multimodal Transport and the Merchant can prove at what stage the loss or damage occurred:

- (i) the liability of the Carrier shall be determined by the provisions contained in any international convention or national law, which applies compulsorily to the relevant stage of the Multimodal Transport and cannot be departed from by private contract to the detriment of the claimant; and
- (ii) where an international convention or national law does not apply compulsorily to the stage of the movement where the loss or damage occurred, any liability of the Carrier shall be determined by sub-clause 6.2(c).

RULE 8 – BILL(S) OF LADING (Continued)

- (c) Where the Non US Carriage is Multimodal Transport but the Merchant cannot prove at what stage the loss or damage occurred or if this sub-clause applies pursuant to sub-clause 6.2(b):
 - (i) the Carrier shall be relieved of liability for any loss or damage if such loss or damage arose or resulted from:
 - (A) the wrongful act or neglect of the Merchant or any Person acting on behalf of the Merchant other than the Carrier or its servant, agent or Sub-Contractor;
 - (B) compliance with the instructions of a Person entitled to give them;
 - (C) the lack of, or defective condition of packing in the case of Goods which, by their nature, are liable to wastage or to be damaged when not packed or when not properly packed;

 - (E) inherent vice of the Goods;

 - (H) an act, neglect or default in the navigation or management of the Vessel occurring during carriage by water;
 - (I) fire, unless the fire was caused by the actual fault or privity of the Carrier or lack of exercise of due diligence to make the Vessel seaworthy, properly to man, equip and supply the Vessel or to make her fit and safe for the reception, carriage and preservation of the Goods; for which the Merchant shall have the burden of proof

(J) a nuclear incident;

(K) any other cause or event which the Carrier could not avoid and the consequences whereof it could not prevent by the exercise of reasonable diligence.

RULE 8 – BILL(S) OF LADING (Continued)

(ii) The burden of proof that the loss or damage was due to one or more of the causes, or events, specified in sub-clause 6.2(c)(i) shall rest upon the Carrier. When the Carrier establishes that in the circumstances of the case, the loss or damage could be attributed to one or more of the causes, or events, specified in sub-clause 6.2(c)(i), it shall be presumed that it was so caused. The claimant shall, however, be entitled to prove that the loss or damage was not, in fact, caused either wholly or partly by one or more of these causes or events.

(iii) Where the loss or damage was partly caused by one of the causes at sub-clause 6.2(c)(i) the Carrier shall only be liable to the extent that another cause contributed to the loss or damage.

(d) Compensation and Limitation

(i) Subject to the Carrier's right to limit liability as provided for within this bill of lading, the Carrier's liability shall be calculated by reference to the value of the Goods at the place and time at which they were accepted for Carriage.

(ii) Where the Hague Rules, Hague-Visby Rules or any other rules compulsorily apply to the Carriage the Carrier's liability shall in no event exceed the amounts provided for in the applicable rules.

(iii) In all other cases compensation shall not exceed the limitation of liability of 2SDRs per kilo of gross weight of the Goods lost, damaged or in respect of which the claim arises.

(e) Time-bar

(i) Where the Hague Rules, Hague-Visby Rules or any other rules apply compulsorily to the Carriage, the time limit for bringing claims will be as prescribed by the applicable rules.

(ii) In all other cases, the Carrier shall be discharged of all liability whatsoever unless suit is brought within nine months after the delivery of the Goods or the date when the Goods should have been delivered.

RULE 8 – BILL(S) OF LADING (Continued)

6.3 LIABILITY APPLICABLE TO BOTH US CARRIAGE AND NON-US CARRIAGE

(a) The Carrier shall not, in any case, be liable for an amount greater than the actual loss to the Person entitled to make the claim.

(b) Ad Valorem: declared value of Package or shipping unit.

The Carrier's liability may be increased to a higher value by a declaration in writing of the value of the Goods by the Merchant upon delivery to the Carrier of the Goods for shipment, such higher value being inserted on the front of this bill of lading in the space provided and, if required by the Carrier, extra freight being paid. In such case, if the actual value of the Goods shall exceed such declared value, the value shall nevertheless be deemed to be the declared value and the Carrier's liability, if any, shall not exceed the declared value and any partial loss or damage shall be adjusted pro rata on the basis of such declared value.

(c) Delay, Consequential Loss

Save as otherwise provided herein, the Carrier does not undertake that the Goods shall arrive at any place at any particular time and shall in no circumstances be liable for direct, indirect or consequential loss or damage caused by delay or any other cause whatsoever and howsoever caused. Without prejudice to the foregoing, if the Carrier is found liable for delay, liability shall be limited to the Freight applicable to the relevant stage of the transport.

(d) Notice of Loss or Damage

The Carrier shall be deemed prima facie to have delivered the Goods as described in this bill of lading unless notice of loss of, or damage to, the Goods, indicating the general nature of such loss or damage, shall have been given in writing to the Carrier or to his representative at the place of delivery before or at the time of removal of the Goods into the custody of the Person entitled to delivery thereof under this bill of lading or, if the loss or damage is not apparent, within three consecutive days thereafter.

(e) The defenses and limits of liability provided for in this bill of lading shall apply in any action against the Carrier whether the action be found in contract, bailment, tort, breach of express or implied warranty or otherwise.

(f) The Merchant shall Indemnify the Carrier against any claim or liability (and any expense arising therefrom) arising from the Carriage of the Goods insofar as such claim or liability exceeds the Carrier's liability under this bill of lading.

RULE 8 – BILL(S) OF LADING (Continued)

7. MERCHANT'S WARRANTIES AND RESPONSIBILITIES

7.1 Every Person defined as Merchant is jointly and severally liable to the Carrier for all the Merchant's undertakings, responsibilities and liabilities under or in connection with this bill of lading and to pay the Freight due under it without deduction or set-off.

7.2 The Merchant warrants that in agreeing to this bill of lading he is or is the agent of and has the authority of the Person owning or entitled to the possession of the Goods and this bill of lading or any Person who has a present or future interest in the Goods and this bill of lading.

7.3 The description and particulars of the Goods set out on the face hereof are furnished by the Merchant and the Merchant warrants to the Carrier that the description and particulars including, but not limited to, weight, content, measure, quantity, quality, condition, marks, numbers and value are correct.

7.4 The Merchant shall comply with all applicable laws, regulations and requirements (including but not limited to any imposed at any time before or during the Carriage relating to anti-terrorism measures) of customs, port and other authorities and shall bear and pay all duties, taxes, fines, imposts, expenses and losses (including without prejudice to the generality of the foregoing, freight for any additional Carriage undertaken) incurred or suffered by reason thereof or by reason of any illegal, incorrect or insufficient marking, numbering or addressing of the Goods.

7.5 The Merchant undertakes that the Goods are packed in a manner adequate to withstand the ordinary risks of Carriage having regard to their nature and in compliance with all laws, regulations and requirements which may be applicable. The Merchant shall be liable for any loss, damage or injury caused by faulty or insufficient packing or by faulty loading or packing within Containers when such loading or packing has been performed by the Merchant or an behalf of the Merchant, or by the defect or unsuitability of the Containers when supplied by the Merchant, and shall Indemnify the Carrier against any additional expenses so caused.

7.6 Any Container released into the care of the Merchant for packing, unpacking or any other purpose whatsoever shall be at the sole risk of the Merchant until proper redelivery to the Carrier at the time and place prescribed by the Carrier. If the Merchant fails to deliver the Container at such prescribed time and place, the Merchant shall pay the Carrier the applicable demurrage or detention charges arising therefrom. The Merchant is responsible for returning the empty Container, with interiors brushed and clean, to the point or place designated by the Carrier, his servants or agents. The Merchant shall be liable for any charges, loss or any other expenses arising therefrom. Payment shall be made in the currency named in the bill of lading, or, at the option of the Carrier, in another currency specified by the Carrier.
